# Bourns® RLB9012 Series Radial Lead Inductors
## *Packaging Change*

*Riverside, California* – July 2, 2021 – Effective July 3, 2021, Bourns will change the packaging method of the Model RLB9012 Radial Lead Inductor Series to better protect the components from damage during transit and handling. Currently, the packaging consists of 200 parts per box. The revised packaging will consist of 200 parts per tray. A list of affected part numbers is included near the end of this notice.

Modification detail:

| Current Packaging | Revised Packaging |
|---|---|
|  |  |

The packaging change will not affect the form, fit or function of the inductor. The quality and reliability of the component should be improved with the revised packaging.

Implementation dates are as follows:
　　Date that manufacturing of existing products will cease: ***July 3, 2021***
　　Date that deliveries of products in revised packaging will begin: ***July 4, 2021***
　　First date code using the above changes: ***2127***

If you have any questions or need additional information, please feel free to contact Customer Service/ Inside Sales.

*Users should verify that the described changes will not impact the performance of the product in their specific applications.*
