## Models 87 & 88 - End of Life

Sensors and Controls Division is announcing the end of life for Models 87 & 88 – the 5/8” square semi-precision panel controls. These models were removed from the catalog in 1997. However, we have continued to offer the models to customers placing orders for several years. Recent decline in sales have prompted us to discontinue production on these models.

At this time, we are asking customers to assess their needs for Models 87 & 88 and place last time buy orders. ***The deadline for accepting final orders will be September 29, 2006.***

Orders may not be scheduled out. ***All shipments will be made by no later than December 15, 2006.***
